ELECTRICAL QUOTE

Dedicated 20 A garage receptacle circuit

September 23, 2026
Valid through October 7, 2026

PREPARED FOR
Mirek Nawrocki

SERVICE ADDRESS
404 Lamont Blvd

SCOPE OF WORK

Install one new dedicated 120 V, 20 A branch circuit from the existing basement panel to one 5-20R receptacle in the attached garage.

WHAT IS INCLUDED

- New panel-compatible breaker and required circuit protection
- 12/2 NMD90 cable, receptacle, metal box and standard fittings
- Installation, testing and circuit identification
- City of Winnipeg electrical permit and inspection coordination

WHAT IS NOT INCLUDED

- Drywall, plaster, painting, or finished-surface repairs
- Repairs to existing wiring or panel deficiencies found on site
- Additional outlets, panel upgrades, or EV charging equipment

PRICE

Materials and supplies	\$384.71
Labour	\$564.00
Electrical permit	\$99.00
Subtotal	\$1,047.71
Manitoba RST (7%)	\$73.34

TOTAL	\$1,121.05
--------------	-------------------

Price assumes an accessible cable route and suitable space in the existing panel.
Any added work will be priced and approved before proceeding.
Payment due upon completion. No GST is charged on this quote.
